Subject: Stay Safe and Keep Informed

College of Audiologists and
Speech-Language Pathologists of Ontario
Ordre des audiologistes et
des orthophonistes de l'Ontario

April 2, 2020

To: All CASLPO Registrants (*Please share with CASLPO Colleagues*)

Everybody in our professional community of Audiology and Speech-Language Pathology, including registrants, academics and students is affected by the current pandemic situation. We recognize the impact this growing crisis has had on you and your families. On behalf of CASLPO staff and Council, thanks to each and every one of you for your tremendous efforts made each day, your commitment and continued dedication to protecting your patients.

As we navigate the unknown, unprecedented environment, there is an influx of information in the mainstream media, social media and on government, association and health care websites. Updates from all three levels of government occur daily on what we all need to do to comply with various directives. These updates are important for the protection of your patients and your own personal protection.

To help all registrants comply with all government directives and to be knowledgeable about the rapidly changing situation around you, we've created a dedicated COVID-19 Web page on our website.

Keep up on rapidly changing developments:

Did you see the MOH Recruitment Message?

To support Ontario's dedicated frontline healthcare providers who are working hard during these unprecedented and challenging times, the MOH is looking for additional experienced healthcare providers to help provincial efforts to prevent and control the spread of COVID-19.

The MOH is looking for healthcare providers who may not presently be working or who may be working part-time, and want to, and are prepared, to increase their work hours or former healthcare providers who are retired, or on inactive status with their regulatory college, and are prepared to return to employment.

The website can be accessed using the following links

[\(access EN application form\)](#)

[\(access FR application form\)](#)

If you are selected, you will be contacted directly by the Ontario Government. They will provide further direction and necessary training. CASLPO is not involved in selecting and deploying health professionals.

As we work together in addressing COVID-19, we are here to help you.

If you have questions, please contact us at: [Practice Advice Team](#)

Stay safe! Stay healthy!

Brian O'Riordan
Registrar
