Today CASLPO has launched a [dedicated COVID-19 Information Page](#), easily accessed from our home page. It collects in one place all the most pertinent information that you need to have.

We are also including here a link to [Directive #3 from the Acting Chief Medical Officer of Health relating to Long-Term Care Homes](#).

We also draw to your attention an Urgent news release from the provincial government indicating that to further contain the spread of the virus there will be a "[mandatory closure of all non-essential workplaces](#)" for at least the next 14 days, beginning at 11:59 pm tomorrow. Note: A full list of businesses that are permitted to stay open will not be released until tomorrow.

Finally, the Ministry of Health has opened a COVID-19 Health Care Provider Recruitment web page ([access here](#)), looking for "experienced health care providers to help provincial efforts to prevent and control the spread of COVID-19". In particular, they are looking for health care providers who are working part-time at the present moment or retired providers or those presently who are on inactive status but wish to return to employment to fight the virus. While CASLPO is not involved in this campaign, we are distributing this information to help spread the word.
